

HUN CABINET EXPLAINS STAND ON PEACE PACT

Declares It's America's Duty to Put 14 Points Thru

BERLIN, Tuesday, May 20.—Germany declines to sign the peace terms laid before them because they spell the "economic destruction, political dishonor and moral degradation of the entire German nation not only for the present but also for still unborn generations," was a statement authorized by the cabinet this morning, through the Associated Press.

**Says Entente Unjustified.**

"That these consequences must logically follow acceptance of the peace conditions the American press itself has recognized without question," the statement continues. "Toward them Germany took the standpoint that acceptance of such conditions could not be demanded and that the entente was unjustified in imposing such demands."

"Germany has not only a moral right to compliance with the general promises made, but a firmly grounded, definite, clearly defined claim, according to the basic rules of international law on all the entente powers and especially on the United States. A specific recognition of the right of Germany and of the German people to a peace of right, justice and reconciliation, instead of the paragraphed song of hate which was written at Versailles, is contained in the note of the American secretary of state, Lansing of November 5, 1918.

"In it the secretary of state notified the Swiss minister in Washington unconditionally that the established base of President Wilson's fourteen points should be authoritative for the peace conditions. Secretary Lansing announced further that the entente governments after careful consideration also were prepared to recognize the conditions set up by President Wilson as the basis for the conclusion of peace.

**Germany's Sole Asset.**

"The declaration of rights emanating from these specific declarations of all the entente powers and the United States constitutes Germany's sole asset in the general moral breakdown of all international politics which has found unsurpassable expression in the Versailles terms.

"Germany answers them with its clearly juristic right in international law. Toward the politico-moral bankruptcy of Versailles the German nation stands as a creditor with undeniable rights, and it is not in a position to yield on this chief point. Germany concluded peace on the basis of President Wilson's fourteen points, which all America had made its own, and all America, every individual, is responsible for the fulfillment of its claims."

"It is not the German people's business to indicate how its rights shall be realized by the 14 points or especially by the note of Secretary Lansing. That rather, is the task of those who constructed the 14 points and brought them to acceptance, thereby inducing Germany to lay down her weapons. We do not believe that President Wilson, Secretary Lansing and the American people can take other than this German standpoint, if they do not wish to do that which President Wilson in his message of December 19, 1918, condemned categorically when he said: 'We would dishonor our own cause if we treated Germany any other than justly and in a non-partisan manner and did not insist upon justice toward all, no matter how the war ended. We demand nothing which we are not ready ourselves to admit.'

**Demand Nothing More**

"And the German people demand nothing more than that which President Wilson announced in this declaration. We demand nothing more than that Americans place the 14 points opposite the peace terms. We do not believe that anyone in the United States then will have the courage to claim that there can be found in the peace conditions one single trace left of President Wilson's program.

"And here begins America's definite duty to step in. America either must put its 14 points through or it must declare that it is unable to do so, so that in no case may the world be led to believe that America desires to have 'the peace conditions count as President Wilson's 14 points.'

"That is our demand, to which we cling, and we cannot imagine what argument from the American side would be effective against it."

In President Wilson's message to congress of Dec. 4, 1917, there is no passage in textual agreement with the quotation in the cabinet statement.

In that message the president said:

"The wrongs, the very deep wrongs committed in this war will have to be righted. That of

G. O. P. Limits Contributions To Campaign

WASHINGTON, May 21.—Chairman Hays of the Republican National committee announced today no contribution of more than one thousand dollars would be received from any one for the financing of the coming Republican campaign and launched a plan of country-wide small individual subscriptions.

The new plan marks the passing of great campaign contributions from corporations and individuals long the subject of attack by the Republican party's political opponents. The new plan, Mr. Hays announced, involves the decentralization of money raising into the very smallest contributions from the smallest units of territory. The chairman will outline the new plan in detail at a conference tomorrow and Friday with the Republican state chairmen.

"Every one recognizes the necessity of meeting legitimate campaign expenses," said Mr. Hays. "There is just one way for this money to be provided and that is by means of small contributions from the great membership of the party. This plan will be followed completely. A general committee of ways and means will carry this work into each state and into the cities and towns. The purpose will be to get small contributions from a great many members of the party. It is planned to have these sustaining contributions run from year to year and in amounts from one dollar up. No contribution of more than a thousand dollars will be received from any one."

Chairman Hays added that the financing of the Republican campaign would be an open book and that it would accord with the best spirit of the campaign publicity laws of the nation and states.

**WOULD SEPARATE TREATY AND LEAGUE**

WASHINGTON, May 21.—Senator Sherman, Republican of Illinois, announced today that on Friday he would introduce a resolution in the senate proposing separation of the covenant of the league of nations from the peace treaty. The senator plans to speak on his resolution and Senator Reed, Democrat of Missouri, another opponent of the league plan, also expects to speak at that time.

Senator Sherman's resolution would declare it the sense of the senate that the treaty and the covenant be considered separately so as to afford opportunity for a vote on each.

The addresses by Senators Sherman and Reed will be the first on the revised covenant at the extraordinary session of the senate.

**NEED ADDITIONAL POWER FACILITIES**

ATLANTIC CITY, N. J., May 21.—George Otis Smith, director of the geological survey, Washington, today described the need of the United States for additional power facilities in an address before the annual convention of the National Electric Light Association.

The federal administrative officer must plan for the future with foresight, Dr. Smith said in developing the power resources of the United States and he pointed out that planning of this type is properly a function of the government at Washington.

"Secretary Lane's program is inspired by a vision of future needs," said Dr. Smith. "He regards the almost insatiable demand for power created by war industries as foreshadowing future danger of power famine in the industrial districts of the northeast."

**CONDEMN ACTION OF PRESIDENT**

Denver, May 21.—Unanimous action condemning President Wilson for his recommendation to congress of the repeal of war-time prohibition was taken here late today by the Northern Baptist convention.

The convention voted to prepare resolutions in strong and vigorous terms and at the same time dignified, expressing the convention's disapproval of the president's stand.

course. But they cannot and must not be righted by the commission of similar wrongs against Germany and her allies. The world will not permit commission of similar wrongs as a means of reparation and settlement."

In his Baltimore speech of April 6, 1918, the president used language of which the German cabinet statement appears to be a paraphrase. On that occasion he said:

"We have ourselves proposed no injustice, no aggression. We are ready, whenever the final reckoning is made to be just to the German people, deal fairly with the German power, as with all others. There can be no difference between peoples in the final judgment, if it is, indeed to be a righteous judgment. To propose anything but justice even-handed and dispassionate to Germany at any time whatever the outcome of the war would be to renounce and dishonor our own cause. For we ask nothing that we are not willing to accord."

GRANT HUNS MORE TIME TO REPLY TO PACT

Peace Council Gives Germans Seven Day Extension

PARIS, May 21.—The German peace delegation has been granted an extension of seven days or until May 29 in which to reply in full to the peace terms according to an official announcement.

Count von Brockdorff-Rantzau has asked permission for a special train to bring to Versailles printing presses and a force of workmen in order to hasten the preparation of the German reply.

A general summary of observations on the whole treaty is in course of completion, as well as notes on various specific points. These notes will deal with the eastern boundary of Germany; Alsace; occupied territories; reparations; labor and German properties in foreign lands.

The head of the German delegation fixes no specific extension of time.

The text of the request of the German delegation for an extension of time follows:

**Text of Hun Request.**

"Versailles, May 20.—To His Excellency, the President of the Peace Conference, M. Clemenceau:

"Sir:—The German peace delegation intends during the next few days to submit communications to the allied and associated governments on the following points, which, in the eyes of the delegation, fall under the definition of suggestions of a practical nature:

"First:—A note concerning territorial questions in the east.

"Second:—A note concerning Alsace-Lorraine.

"Third:—A note concerning the occupied territories.

"Fourth:—A note concerning the extent and discharge of the obligations undertaken by Germany in view of reparation.

"Fifth:—A note concerning the further practical treatment of the question of labor laws.

"Sixth:—A note concerning the treatment of German private property in enemy countries.

"Having regard to this I beg in the name of the German peace delegation to move that the contents of the intended notes be regarded as having already been made the subject of discussion in writing and that the requisite time be granted to us for a more detailed exposition.

"Accept, sir, the assurance of my highest esteem.

(Signed)

"Brockdorff-Rantzau."

**Clemenceau's Reply.**

To this M. Clemenceau replied as follows:

"May 20, 1919.

"Sir:—I beg to acknowledge the receipt of your letter of May 20 stating that the subjects of which the German delegation wishes to offer suggestions are so complicated that the memoranda of the German delegation cannot be completed within the fifteen days granted on the seventh instant, and asking, in consequence, for an extension of the time limit.

"In reply, I beg to inform your excellency that the allied and associated governments are willing to grant an extension until Thursday, May 29."

**TERMS WILSON A SMOOTHER-OVER**

VIENNA, May 21.—(By The A. P.)—Telling the correspondent of The Associated Press that he was quoting the exact words of Nikolai Lenin, Dr. Ladislav Rudas, a Hungarian professor who has just returned from Moscow, says Lenin declared he would not make peace but would continue the war until the whole world was in brotherhood.

"President Wilson," Lenin is quoted as having said, "does not represent his time nor his ideals. He is merely a smoother-over, trying with a pint of oil to still the whole ocean of troubled waters. He does not see capitalism ended."

"Neither President Wilson nor the allies can make an enduring peace or solve political and economic problems because a world revolution is at hand."

"The destruction of capitalism may cost many lives, but this will be as nothing when compared with the great war."

**SUGGESTS SOCIALIST MEETING**

Basle, Switzerland, May 21.—(French Wireless Service).—The German Social Democrat party's executive committee has suggested to the international socialist bureau at Amsterdam that a committee be called to decide on the Socialist attitude toward the peace terms presented to Germany.

**DECORATE SANITARY SECTIONS**

Washington, May 21.—Sanitary sections Numbers 539 and 625 were added today to the United States army units authorized to wear the Fourragere of the French Croix de Guerre and Sanitary Section Number 646 to those which wear the Fourragere of the French medaille militaire.

Lawyer Quotes Lincoln In Flaying Ford

MT. CLEMENS, Mich., May 21.—A vehement denunciation in which Henry Ford was characterized not only as an anarchist but a dangerous one, startled spectators in Judge Tucker's court here today. The assertion came from Edward G. Stevenson of Detroit, one of counsel for the Chicago Tribune which is being sued for one million dollars damages by Mr. Ford on a charge of libel.

**Alludes to McKinley's Death.**

Mr. Stevenson alluded to the assassination of President McKinley, the bomb outrage during the preparedness parade at San Francisco, the war-time offenses of members of the I. W. W. and devoted some time to the "cop-proceeds" of the Civil War. He quoted President Lincoln as follows:

"Must I shoot the simple-minded soldier who deserts, while I must not touch a hair of the head of the wily agitator who incites him to desert?"

"So we say to Henry Ford," the lawyer declared, "you are more responsible for the outrages that have been committed during the war than any of the men who used direct action, because you are a great learner and humanitarian, encouraged them and they believed that you must be right."

Senior Attorney Alfred Lucking representing Mr. Ford, quoted much law in arguing that military preparedness has nothing to do with the case and that there were many court decisions which would confine the present issue to "considering only whether the headline 'Ford Is An Anarchist' was a libel. He said it was far without the issue to introduce witnesses to give testimony on Mexican affairs when there was nothing to show that their stories were known to the editorial writer when he wrote the alleged libelous editorial.

**Avers Tribune Has Right.**

Mr. Stevenson, replying, averred that the Tribune did not have a right to introduce these witnesses to show the Tribune told the truth and the truth, he said was a complete defense.

"It is our purpose," he said, "to endeavor to show that Henry Ford was just the kind of a man we characterized him as being, an anarchist. We are talking about regular doves in the wool, anarchists of the kind the article indicates. Henry Ford was the most dangerous kind of an anarchist that can be thought of. The man who by insidious propaganda undermines the confidence of the people, the people who are called upon to support their government is if your honor please just as dangerous as the kind who throws bombs and we are undertaking to show that Henry Ford, by his insidious, vicious propaganda was undermining the support of the government—doing in his way what a more radical anarchist would do by throwing a bomb or by other violence. The results in either case are the same. Both seek to erode the power of the government."

**KERENSKY ASKS AID FOR RUSSIA**

PARIS, Tuesday, May 20.—(By The Associated Press).—A. F. Kerensky former premier of Russia and seven other members of the Russian constituent assembly and members of the Parisian union for the regeneration of Russia today issued an appeal to the democracies of the world for prompt action with a view to helping Russia out of her present chaotic condition.

"It proposes the organization of a mission composed of delegates from all the powers and including representatives of organized labor which will go to Russia and explain to the people and the democratic Russian governments the democratic aims they are pursuing."

The appeal says: "It should be stated categorically that the different governments repudiate the idea of any intervention likely to infringe upon the sovereign rights of Russia."

**PROVIDES FOR BOND ISSUE**

Washington, May 21.—Issuance of a new series of government obligations for the purpose of retiring bonds of the first, second, third and fourth liberty loan issues is provided for in a bill introduced in the house today by Representative Ruster of New York, Republican. The proposed bonds would run for a period of not more than thirty years, bear interest at 3 1/2 per cent and be non-taxable.

**OVERWHELM TURKS.**

Saloniki, May 21.—A Turkish detachment which, at the instigation of the Young Turks' agents, attempts to resist the Greek troops at Smyrna was overwhelmed and captured, according to a statement by Greek general headquarters today.

The captured detachment was handed over to British naval authorities in the Aegean Sea.

**GRANT EXTENSION**

Washington, May 21.—Non-residents including returning soldiers will have 30 days after the proclamation of peace for filing tax returns. The extension was announced today by Internal Revenue Commissioner Roper.

NC-4 May Get Away For Lisbon Today

PONTA DEL GADA, May 21.—(By The Associated Press).—Lieut. Commander A. C. Reed announced tonight that the engine trouble which caused a postponement of the flight of the NC-4 for Lisbon this morning had been remedied. The plane will start at daybreak tomorrow, weather permitting, he said.

The wrecked plane NC-3 has been brought in to the beach where it is being dismantled, preparatory to shipment to the United States.

Commander John H. Towers estimated today that it would take one hundred mechanics three months to put the machine into condition.

**Asks for Navigator.**

St. Johns, N. F., May 21.—Captain Frederick P. Raynham today cabled builders of his machine in England asking that another trans-Atlantic navigator be appointed to replace Captain Charles W. F. Morgan, declared by physicians to be "out of the trans-Atlantic race" because of injuries.

The British airman also cabled that repairs on the broken Martinsyde, already under way, involved the virtual building of another craft from spare parts here.

Effers tonight advanced but one theory to account for the complete disappearance of Hawker and his Sopwith plane.

The theory was that the plane was forced into the ocean within an hour or two of its start and sank almost immediately.

Complaint continued today against the service of the British air force's meteorological division which was charged with a five hour delay in relaying to this point storm warnings which might have caused Hawker to postpone his flight.

**Abandon Hope for Hawker**

Hope for the safety of Harry G. Hawker and Commander Mackenzie Grieve, missing since they set out eastward thru the air of Sunday in their Sopwith bi-plane for Ireland, was virtually abandoned today by the British press, preparing here to take wing in their wake. News of the safety of the NC-3 after being so long on the water had been a source of encouragement, but it is recognized that the Hawker-Grieve machine carried only a cockle shell emergency boat as compared with the stout hull of the American naval plane.

Regarding the fate of Hawker and Grieve, some of the airmen here believe the Sopwith collapsed within a short time after leaving St. Johns and that the wireless failed. The opinion is gaining ground that field ice and icebergs may have affected the work of the engines thru the intense cold congealing the oil.

**INDORSE WILSON'S INDUSTRIAL STAND**

ST. LOUIS, Mo., May 21.—The 131st general assembly of the Presbyterian church, U. S. A., today unanimously adopted a resolution endorsing that part of President Wilson's message to congress yesterday pertaining to the industrial situation and urging that a program be formulated to bring about closer relations between capital and labor.

This is the third time the president who is an elder in the church has been named in a resolution. He was criticized yesterday for asking congress to repeal or amend the war time prohibition act and was praised Saturday for his work at the peace conference.

After heated debate whether the society should endorse the inter-church world movement the matter was turned over to the executive commission with full power to act on it within the coming year.

Many expressed the belief that this virtually was an endorsement as many members of the commission have expressed themselves as favoring it.

A resolution calling on the governor of Ohio to prevent the Willard-Dempsey fight July 4, failed of adoption. The resolution declared the fight should be opposed because of the participants failed to answer the call to patriotic duty.

**PROSPECTIVE REFEREE REACHES TOLEDO**

TOLEDO, O., May 21.—David F. Fitzgerald, a former alderman and ring official of New Haven, Conn., arrived tonight to honor upon Tex Rickard his qualifications as referee of the Willard-Dempsey heavyweight championship battle here July 4. He is the first candidate for the position to reach the battle ground.

Fitzgerald, a six footer of 200 pounds, is a ring official of twenty years experience.

Dempsey is nicely settled in his training camp on Maumee Bay and ready to begin the serious work of his conditioning grind. Jimmy DeForest of Long Branch, N. J., a veteran trainer, arrived today to assume charge of the challenger's work. Before the end of the week a half dozen sparring partners will be on the ground.

**DENY STATEMENT**

Paris, May 21.—A statement appeared in one of the Paris morning newspapers today to the effect that Mrs. Wilson, wife of the president, had made a trip yesterday in an airplane.

The statement was categorically denied and authoritatively denied this morning at President Wilson's Paris residence.

HOUSE SPENDS DAY DEBATING LIQUOR BILLS

Two "Dry" Measures Passed—All Wet Bills Tabled

WASHINGTON, May 21.—National suffrage for women was endorsed by the house of representatives for the second time today when the Susan B. Anthony amendment resolution was adopted 364 to 89. Supporters of the measure immediately arranged to carry their fight to the senate where, after twice defeated at the last session, they are confident of obtaining the necessary two thirds vote. The victory for suffrage today was by 42 votes more than the required two thirds. On the ballot on the resolution cast January 10, 1918, exactly the necessary number of affirmative votes were recorded.

**Urges Favorable Action.**

House leaders of both parties in the debate preceding today's vote urged favorable action, but many southern Democrats opposed the measure and did several New Face-and-Republicans.

The political division of the vote showed that 200 Republicans, 102 Democrats, one Independent and one Prohibitionist voted for adoption, while the negative poll showed seventy Democrats and nineteen Republicans.

Efforts of opponents to amend the resolution were unavailing.

Representative Clark of Florida, Democrat, leader of the opposition, proposed that the state ratification be compulsory within seven years and Representative Saunders of Virginia, Democrat sought to compel state adoption by popular vote. The overwhelming denial of a roll call on these proposals by a vote of 244 to 52 preceded the vote of adoption.

**Predict Victory in Senate.**

Suffrage organization leaders expressed confidence at the large favorable vote and predicted victory in the senate due to changes in membership. It is expected the resolution will come up for a vote early next month.

Only a small crowd was present when the debate began. Before the final roll call, however, all seats were filled, principally by members of suffragist organizations.

Both Republican Leader Mondell and Democratic Leader Clark asked adoption of the resolution, the latter referring to President Wilson's request for such action, while Mr. Mondell praised the Republican members for their attitude, pointing out that adoption of the resolution was the first legislative act of the new congress.

Mr. Clark denied that adoption of the resolution would interfere with state rights as was urged by some Democratic speakers.

Representative Kitchen of North Carolina, Democrat, opposing suffrage, countered the Republicans for "quick response" to the president's call and declared Republicans during sixteen years of control of congress refused suffrage, leaving it for the Democrats who had courage to introduce the measure.

Representative Mann of Illinois, former Republican leader who was in charge of the measure as chairman of the house woman suffrage committee declared that suffrage was not a partisan question, and added that the President Wilson and other party leaders "talked in favor of suffrage that a majority of the Democrats never voted for it."

Among those voting against the resolution were:

Hull, Iowa (Republican) and Doremus, Mich., (Democrat).

In the roll call on the resolution Republicans for inclusion were: Currier, Fordney, Hamilton, Keeley, McLaughlin, Mapes, Nichols, Scott and Smith, Michigan; Britten, Brooks, Cannon, Chindholm, Copley, Dennison, Fuller, Graham, Ireland, Juhl, King, McKenzie, McKinley, Madden, Mann, Mason, Rodebaugh, Smith, Wheeler, Williams, Wilson and Yates, Illinois.

Democrats for H. T. Rainey, J. W. Rainey and Sabath, Illinois.

The only Republican to speak against the resolution was Representative Foster of Pennsylvania, who asserted that his objection would remain unchanged if his political defeat was certain. Representative Clark of Florida, the Democratic leader of the anti-suffrage forces in a speech opposing the resolution admitted "the cards are stacked and the decree is written."

**TO MAKE CONCERTED PROTEST**

Chicago, May 21.—National leaders of the prohibition forces will make a concerted protest against congressional removal of the July 1 ban on beer and light wines as recommended by President Wilson here next Sunday.

William Jennings Bryan, former Governor of Nebraska, Richmond Pearson Hobson and many others have been named on a long list of speakers.

Turk Problem Becomes Acute At Conference

PARIS, May 21.—(By The Associated Press).—The Turkish problem has become most acute in the peace conference. Delegations are striving to find some solution for the dismemberment of the empire which will not provoke a religious war.

The United States is being looked to by the other powers as the only nation which can become the mandatory for Constantinople without the danger of precipitating another European war, but the American peace delegates express doubt of the willingness of the United States to accept the mandate.

With the sultan removed from Constantinople the American delegates expressed the belief that it might be possible for the American public to become reconciled to the mandate. However, the Indian delegation which has appeared before the council of four to plead for consideration for the feelings of the Mohammedan world, asserts that the Sultan must not be forced out of Constantinople, declaring that such action would greatly affect his standing in the church.

Consequently Great Britain is seeking to have the sultan remain in Constantinople, but with purely spiritual powers.

It is now suggested that instead of transferring the sultan to a strip of territory in Asia Minor that he remain in Constantinople, but be allowed to exercise a degree of temporal power over some territory in Asia Minor thus preserving the form of the Ottoman empire.

Military experts declare that Constantinople could be controlled entirely by the navy and policed under direction of the marines. The probable military force necessary to restore order in Armenia and protect the Armenians from their aggressive neighbors has been variously estimated at from 50,000 to 100,000.

**WILSON CABLES ACKNOWLEDGEMENTS**

WASHINGTON, May 21.—President Wilson today sent acknowledgment from Paris of the notification cabled him by the special senate committee that the senate had convened in extraordinary session and was ready to receive communications from the chief executive.

"Please express my appreciation to the senate committee of its courtesy," the president's message said, "and say that I have communicated with the congress in the usual manner through the message presented yesterday and express the hope that I may soon be present in Washington to communicate to them full information with regard to international affairs."

The president requested Secretary Tumulty to transmit a copy of the cablegram to the special house committee which sent its formal notification in a letter addressed to the president at the white house.

**DISCUSS "FLU" AT MEDICAL MEETING**

PEORIA, May 21.—Influenza, its epidemic form, its control and its prevention, was the big topic of discussion here today before the Illinois health and hygiene section of the Illinois medical society in convention here. Wade H. Frost and Allen J. McLaughlin of the United States public health service were the principal speakers. During the morning lectures were delivered before the eve, ear, nose and throat and the surgery sections. All sections of the society met in general session this afternoon and received from R. D. Chappell, secretary of the Rockford association of commerce an invitation to meet next year in Rockford.

**THOUSANDS REJECTED FOR TUBERCULOSIS**

NEW YORK, May 21.—Sixty-two thousand men afflicted with tuberculosis were barred from admission into the national army, 20,000 others who reached camps were discharged for the same reason. At army tuberculosis hospitals the National Tuberculosis association announced today, six thousand men still in the service are being treated.

Soldiers or sailors honorably discharged since Oct. 6, 1917 and suffering from tuberculosis will be given free hospital care upon application to the United States public health service or the bureau of war risk insurance according to the association.

The organization announced that plans for a national campaign of tuberculosis prevention would be made at a conference of federal, state and municipal City, next month.

**DIVERT TRANSPORT**

Washington, May 21.—The transport Kronland, due at Boston May 27, has been diverted to New York where she is due Sunday.

**CONSECRATE BISHOP**

Dubuque, Ia., May 21.—Bishop Thomas W. Druman of Cedar Rapids, Ia., was consecrated for the See of Des Moines, Ia., at St. Raphael's cathedral today. Archbishop J. J. Keane officiated. Assisting were Bishop Davis of Des Moines and Auxiliary Bishop Healy of Sioux City.

HOUSE ENDORSES NATION-WIDE WOMAN SUFFRAGE

Supporters Arrange to Carry Fight to the Senate

SPRINGFIELD, Ill., May 21.—Anti-liquor forces in the house today succeeded in passing the lowest bill providing stringent methods of enforcement of prohibition in "dry" territory, but fell four votes short of enough to pass the Rice bill proposing a prohibition commissioner with deputies and inspectors to administer the Jewell law.

Representative Abbey's bill requiring licensing by county boards of all dramshops doing business outside the limits of cities, towns and villages also was passed, 82 to 61.

All "wet" bills on the house calendar, on motion of Thomas Curran, their introducer, were tabled. They defined intoxicating liquor as that containing over three per cent of alcohol; required local option lists to be checked against registration lists; and proposed reimbursement for saloonkeepers voted out of business.

The entire day was consumed by debate on the liquor measures and the galleries were packed from early morning.

The Jewell bill, dubbed the "blind tiger bill" or the "search and seizure bill," received eighty votes for and 67 against. It now goes to the governor for his signature. Possession of intoxicating liquor, except for medicinal, sacramental, chemical or manufacturing purposes is punishable by severe penalties under the provisions of the proposed act.

Representative Rice's prohibition commissioner bill failed by a vote of 73 to 68. Seventy-seven votes is a constitutional majority.

The house late today passed the Vickers "blue sky" bill aimed against operations in "fake" securities. It now goes to the senate. The measure which received 133 votes and encountered no opposition is approved by the administration.

**Hold Memorial Exercises**

Memorial exercises were held in the house this afternoon for the late J. P. O'Brien, Democratic representative from Chicago, who died recently of pneumonia.

At a session of the senate late today on motion of Senator Eitelson, the vote by which the Brady bill providing for a \$2.35 tax rate for Chicago and \$2 in other cities failed of passage earlier in the day, was reconsidered and the measure recalled to second reading. Amendments offered by Senator Brady, reducing the Chicago rate to \$2.10 and striking out the emergency clause, were adopted and the bill advanced to third reading.

By a vote of 20 to 2, the house judiciary committee tonight voted with favorable recommendation that the Buck motion picture censorship bill proposed "movie" control by a state commission.

The senate was planning tonight to adjourn after a full session tomorrow until one week from Monday, June 2. This would give the members a chance to be in Chicago when the first contingent of the Prairie Division parades on Wednesday of next week and would carry the session over Friday, May 30, which is Memorial Day.

Speaker Shanahan said the house probably would hold sessions Monday and Tuesday only of next week.

**REQUESTS INJUNCTION**

Chicago, May 21.—Formal request that the injunction prohibiting the state public utilities commission from interfering with increased rates on the Aurora, Elgin and Chicago electric railroad be dissolved or modified, was made in the United States District Court here today by Martin T. Culver, assistant attorney general of Illinois. The proceedings will be taken up again tomorrow.

**MAY EXPEL FRISCHAUER**

Paris, May 21.—(Havas).—The French government is considering the expulsion from France of Herr Frischauer, correspondent of the Austrian delegation at St. Germain, of the Neue Freie Presse of Vienna. It is reported that after one of his dispatches had been censored Frischauer succeeded in getting possession of it and sending it off after he had modified the effect of the censor's action.

**WEATHER**

Illinois—Unsettled and continued cool Thursday, probably light rain; Friday generally fair and somewhat warmer.

## THE POPULAR CAMPAIGN FUND.

According to announcement by Will Hays, chairman of the National Republican committee, campaign contributions are to be limited to \$1,000 with the purpose in view of securing a very large number of small contributions. In the past the methods of raising the necessary funds have been often criticized as large contributions have been secured from individuals and corporations. Some times these have really been in the form of assessments and the possibility of later favors to contributors has thus become a matter of comment.

Mr. Hays' proposal of raising the funds by popular subscription is in accord with the spirit of the times. Everybody recognized that there are legitimate party expenses and to have a large number of men and women contributing to this needed fund will give them all a direct interest in the management of party affairs. The fullest publicity is also to be given to expenditures.

## THE BRIEF WELCOME

The local home-coming committee is showing good practical common sense in arranging for very brief programs immediately following the return of the soldiers. There will be cheers and flowers and music and just a very little speech making, a demonstration to impress it upon the minds of the returning heroes that they are welcome and that the country is proud of them.

The committee knows enough of human nature to realize that these soldiers, coming from overseas after strenuous months with

some pleasures and many privations, do not want to listen to long addresses or to spend a great deal of time in formalities until after they have seen the home folks and friends. The big speaking program can come later.

## EVIDENCE OF FAITH.

Charles M. Schwab is giving evidence of his faith in the future of the steel business. He has just announced that the Bethlehem company will immediately expend \$40,000,000 for betterments, in addition to the \$50,000,000 that have already been appropriated for extensions. This is far better than mere word testimony or prophecies about continued business prosperity.

## MOVIE CENSORSHIP.

The movie censorship bill before the general assembly seems to gain in disfavor rather than strength. The power of the film to do harm is large and it is acknowledged but the proper curb is not thru censorship. Taste and appreciation vary so much that it would be almost impossible to enforce a censorship with both fairness and justice. Movies occupy so large a place now in the public mind and thought that they are almost on the same plane with free speech. There is the right to public sentiment in most every community and thru that sentiment the way will be found to properly handle the movie problem.

If it keeps on raining every day and night Contractor Walbridge will wonder what we need with a reservoir here anyhow. The bad weather has interfered somewhat with the contract but the good work will be pushed enough when sun shiny days come in order to make up for the time lost.

## CAR ABSTRACTS.

In the local traffic problem one feature not yet touched upon is the danger from stealage. Every day brings to the police department more messages and telegrams about stolen cars. The theft of automobiles in Chicago grows constantly and it is usually under crowded conditions that the bandits get in their work. Anyone who visited the public square last Saturday night could gain some understanding of the advantages it offered for thievery.

It is the same situation in other cities that is leading to a proposal for a law requiring the registry of all automobiles and the necessity of furnishing an "abstract of title" before sale can be made and recognized. Such a

system would aid in checking up on car ownerships.

## BIG MONEY

The Methodist drive for \$105,000,000 will of course succeed, as everybody knows it would. Millions have been contributed before the special drive began and the half way mark has more than been reached. Every big money campaign in the recent past has succeeded. The contributions to all kinds of funds have run to totals that would have astounded American people even two years ago. Everybody is spending more money than ever before. The banks have been honoring all these checks, and yet the deposits have grown. Money is plentiful, you must admit, even if you are not growing rich yourself. Let us hope that the day of reckoning will not rave to come.

## THE RAILROADS

The president has said that the railroads will be turned back to the owners at the end of the year, but hasn't outlined just the plan. The rates for service are far higher now than when the government assumed control and yet the monthly deficit has rolled up. One cannot but wonder what will happen after the return to private control. There will either have to be some fine management to reduce expenditures or the government will be compelled to come to the financial aid of the roads, just in the war time way.

## Rippling Rhymes By Walt Mason

Detroit.  
I'd like to visit in Detroit, where countless cars are made, and watch the artisans adroit pursue their helpful trade. I earn much money while I toot my tin horns and my lyres; Detroit and Akron get the loot for cars and rubber tires. Detroit's fine buildings, many a one, show how that city leads; I paid for them with hard earned mon, but others have the deeds. Detroit has dwellings gay and bright and palaces of stone; I paid for everything in sight, altho they're not my own. My wife, she needs a chafing dish, the kids need teddy bears; but all my money's gone to Mich., Detroitward, for repairs. Detroit has social functions great where youths and maidens dance, and when it's time to pay the freight, I dig down in my pance. Detroit has grown and grown again, until she's over-size; and I provide the iron men that pay her hustling guys. Nine dollars an extra trim, and twenty for a wheel; it makes my ass grow dim to roll now poor I feel. I used to calmly spend my days with neighbors, pitching quots, and still might follow frugal ways if there were no Detroit. But now I labor night and day, and salt no money down; I have to send it all away to Eddie Guest, his town.

## CULTIVATOR DEMONSTRATION.

Morgan county farmers will be interested in knowing about the corn belt corn cultivator demonstration which is to be held near Decatur June 4 and 5. It is the expectation, according to a statement made by Sidney Smith, farm adviser for Macon county, to have at least twelve different makes of cultivators working in a single field of corn. There will be five power driven cultivators and seven of a horse drawn type. The demonstration is being arranged by the Macon county farmers bureau and the University of Illinois. In addition to the demonstration there will be an address by Prof. J. H. Mosler, on the subject, "Why We Cultivate corn."

## STOLEN BURGULARIZED.

Thieves entered the store of W. E. Boston at the corner of Hardin avenue and East College avenue some time Tuesday night. The matter was reported to the police Wednesday morning. Entrance was gained by prying open the front door and the cash drawer was rifled. However, there was nothing in it except a few stamps and a small amount of change. Acting Chief of Police Kiloran said yesterday that this is the seventh or eighth time that the store has been entered by thieves in the course of the last ten years.

## GRACE CHURCH MEN MET AT LUNCHEON

Talked About Centenary Drive Inspiring Address By Dr. Skinner of Buffalo.

At Grace church last night luncheon was served to the teams working for the Centenary movement. Special interest was given to the event by the presence of Dr. C. D. Skinner, pastor of one of the largest Methodist churches in Buffalo, N. Y. Dr. Skinner made an address of the most inspiring kind. Afterward Rev. E. L. Fletcher, district superintendent, conducted the regular weekly prayer service.

Dr. Skinner gave some facts which encouraged the local workers to new activity. In the four areas in the vicinity of Buffalo the total quota was \$7,000,000 and this sum has already been largely over-subscribed. In Dr. Skinner's own church the quota for the membership was \$37,500. One Sunday recently as the climax of a special campaign for this fund and also for a new church building, reports were made, figures compiled and it was found that the entire quota had been pledged together with something more than \$150,000 for a new church building.

Dr. Skinner went on to show that these figures were possible because the tithing system had been so largely adopted in his church. This was not done in a few weeks' time but was the result of a campaign of education in which the strongest kind of appeal was made to the mind and conscience of each individual member of the church.

The speaker went on to show that about 82 per cent of the great fund recently pledged came from the members who consistently tithed their income, while the 18 per cent was given by those who do not follow that system of giving. Dr. Skinner is accompanied by Mrs. Skinner and they are guests at Women's College where their daughter is a student. They are now visiting a number of cities in Illinois and adjoining states, in order to inspect church buildings with the view to securing ideas which may be of value in the building of the new church edifice at Buffalo.

**An important meeting of members and friends of the Congregational church will be held this evening at 7:30.**

## DR. CARTER PLANS EXTENSIVE PLANT

The real estate transfers yesterday showed the transfer by Mrs. Sarah Hill of property on West College street to Alfred Leake. The property has been purchased from Mr. Leake by Dr. S. J. Carter.

It is Dr. Carter's intention to occupy the new residence property and to wreck the old dwelling and erect a brick building, to be used as an office, veterinary hospital and barn. The office will face on College street and the barn and hospital on the north side of the lot. The property has a 120 foot frontage on College street and a depth of 160 feet.

It will prove a very desirable location for the improvement Dr. Carter is contemplating and will enable him to give better attention than ever to his constantly increasing practice.

## OLD JACKSONVILLE

NEWTON BATEMAN

By Ensley Moore  
(Member Illinois State Historical Society)

An early catalogue of Illinois College contained, in the list of students, the name: "Isaac Newton Bateman." "Isaac Newton," a great name! But it is questionable whether that was a greater name than that which Jacksonville, and Illinois and America—if not the world came to know as "Newton Bateman."

Mr. Bateman was known to the older people here from 1833, when his father brought his family here presumably from Fairfield, New Jersey, where Newton was born July 27, 1822. The family lived at first in the general sort of house of those days, a log cabin, at the southwest corner of West College avenue, just west of Dr. Pitner's present residence where the Naples road takes off to the south.

In the Pitner place there lived Truman M. Post, when Newton was a boy, a professor in Illinois College. Mr. Post afterwards became noted as the leading Congregational clergyman of St. Louis, Mo., for years later on. This is a material part of the Bateman history. For Newton became a student of Illinois College and Dr. Post is said to have been an inspiration and adviser to the youth dwelling in the log house. The boy was very poor, so it was a kindness, when he had gotten some corn meal for mush, that Dr. Post gave him milk, on which to eat out his substance as a student.

And what a student! Destined to be a teacher of teachers, a leader of men, and a wonderful College president. Intended to be a Preacher. At first, after his graduation in 1843, from Illinois College, Mr. Bateman expected to be a minister, and attended Lane seminary until his health failed. He then traveled extensively in this country, and afterward taught a school in St. Louis. He was a professor of mathematics in St. Charles College, Missouri, from 1847 to 1851, and then returned to this place and became Principal of the West District school, which was housed on the present high school lot.

He made a great school of it, and thereby a great name for himself. In the fall of 1858 he took the principality of Jacksonville Female Academy, but, meantime was elected on the Republican ticket as Superintendent of Public Instruction of Illinois. That

was his position from January, 1859 until January, 1875 except from 1863 to 1867, during the "Copperhead" invasion of the realm of politics and thought. During this interval he had charge of the correspondence of the State Provost-Marshal-General's office.

## Became President of Knox.

In 1875, Mr. Bateman became President of Knox College at Galesburg, the second graduate of Illinois College to fill that position. He made Knox College what it is today, this included the development after president, Dr. John H. Finley, one of the greatest present day educators. Dr. Bateman found time, during his incumbency at Galesburg, to be president of the State Board of Health for three terms. He resigned his place as president of Knox in 1893, but continued as a professor until his death, October 21, 1897.

## Marriage and Life Here.

Dr. Bateman married Miss Sarah Dayton, a splendid young woman here in 1850 and they made their home in what is now known as the Lucy Barr house, on the south side, of West State street between Westminster and Prospect streets. They were the parents of a boy and girl, and Mrs. Bateman died in 1857.

In October, 1859, he married Miss Annie Tyler a teacher in the Academy, by whom he had two daughters. Her death occurred May 25, 1878.

He was one of the greatest, if not the greatest, Public school men of the United States, and established the Public Instruction of Illinois on its distinctive foundation. He was known and recognized for his great ability in his profession, not only in this country, but also in Europe, where his works were published in several languages.

Mr. Bateman's son, Clifford Rush, born in 1854, was studied in this country, and abroad, and becoming a professor in Columbia College, took high rank. His life was ended when he was still young, Feb. 6, 1883.

May 26, next week, a tablet will be unveiled at Illinois College, on which, with two other distinguished names, the name of Newton Bateman will shine forth in deathless bronze—a name to be proudly remembered through the years by Illinois, and by those who come to Illinois College, the producer of this great man's educational development.

## Your Catarrh May Lead To Consumption

Dangerous to Experiment  
With Treatment That Gives  
Only Temporary Relief.

You see everywhere people with stopped-up passages, who seem to breathe only with the greatest difficulty. There is a constant hawking and spitting in an effort to clear the throat and nostrils, and what appears at first to be only a slight cold holds on with stubbornness until a fully developed case of Catarrh has the victim firmly within its grasp.

There is not the slightest doubt that all this suffering is caused by a tiny disease germ that gets into the blood and multiplies by the million. The catarrh germ attacks the delicate mucous membranes of the nose, throat and air passages.

stopped-up passages for a while, they soon become clogged again, and there is no progress made toward a cure of the disease.

In addition to the suffering and inconvenience caused by Catarrh, there is always danger that the disease will gradually go lower into the throat and attack the bronchial passages, and eventually involve the lungs. Many a case of consumption has developed from a severe attack of Catarrh.

## DEDICATE SERVICE FLAG AT BLUFFS

Service Flag to be Dedicated at Special Services Next Sunday Evening at M. E. Church—Mrs. George Middendorf Entertains at Dinner—Other News Items.

Bluffs, May 21.—The M. E. church will hold special services Sunday evening, May 25th, at which time the church service flag will be dedicated. The service will be in charge of the regular pastor, Rev. F. H. Lathrop. The flag contains 43 stars, representing the 43 soldier boys whose names will be upon the honor roll.

The gold star is in memory of Charles Brooks, who made the supreme sacrifice upon the battlefield in France during the last days of the war. The church is indebted to Mrs. Anna Sappington who has charge of the service flag and also of the honor roll. A special collection will be taken at this service to defray the expenses of the flag. A splendid program has been arranged for the evening service and all are extended a cordial invitation to be present at this time.

E. M. Patton, who is at the Wabash hospital in Springfield, is somewhat improved. However, his condition is still very serious.

Guy Sawyers of Beardstown is visiting his parents, Mr. and Mrs. James Sawyers.

## MEMORIAL DAY PROGRAM AT CONCORD

Hon. H. H. Bancroft of This City to Deliver Address at M. E. Church—Clark Caldwell Home from Overseas Service—Other News Notes from Concord.

Concord, Ill., May 20.—The Memorial Day services this year will be of unusual interest. Hon. Horace H. Bancroft will deliver the oration at the M. E. church. A large number of graves will then be decorated in the Concord cemetery. This year a number of returned soldier boys will no doubt be present in uniform.

John Alderson and family were visiting relatives in Scott Co., on Sunday.

Miss Ruth Hutchins of Morgan has organized a class in music here with a number of pupils.

Children's Day will be observed at the Christian church on the first Sunday in June in the morning and at the M. P. church in the evening of the same day.

The Journal correspondent had the pleasure of seeing the baby fox at W. F. Nergenah's on Sunday. After the old fox and her young ones escaped, two more young ones were captured and are safely housed and well fed. They look as "cute as a pig's ear" to use a slang phrase.

Luther Brookhouse has four young fox which he captured. This must be a "fox neighborhood" sure enough.

The gentle rain of Monday was just the stuff for the corn. Some fields were run together on account of the last two big rains and the corn was having a hard time to get thru the crust. Some are done planting and a few had to plant some over.

J. Z. Fox of Chapin, now answers to the title of "grandpa." Word came on Saturday of the safe arrival of a baby girl, born to Mr. and Mrs. Harris Robinson, of Petersburg. Mrs. Robinson was formerly Mrs. Lucile Fox.

Dickot and Wedler have just built a substantial garage for William F. Nergenah.

Clark Caldwell, has returned from France to Camp Grant and is expected home in a few days. He has seen active service over there and will be able to tell a very interesting story of his experiences. It is needless to say, that his brother Glen, and many friends will give him a hearty welcome.

William Neimhauser has returned from Camp Taylor looking fine. He was taken with "flu" last fall, and came near to his grave with pneumonia for about six months.

Mr. and Mrs. Edward Nergenah of Beardstown, came in their Overland car on Sunday to visit at the home of Ed's parents Mr. and Mrs. W. F. Nergenah and family. They were accompanied by Mr. and Mrs. Ray Sullens and children. Mr. Nergenah told the journal scribe about the very serious illness of a former schoolmate, who is a patient at Passavant hospital. John Warnke, a son of the late Rev. Warnke, who used to minister to the St. Paul's Lutheran church near Bethel is the patient above mentioned. He holds a responsible position with the Burlington at Beardstown.

Mrs. Henderson of 450 South East street Jacksonville, was a Sunday visitor at the home of her daughter, Mrs. Hubert West.

Our Neighbors, Mr. and Mrs. C. E. White, accompanied by Dr. J. H. Fountain made a trip to Rochester, Minnesota recently to see Doctors Mayo in reference to Mrs. White's indisposition. Mrs. White hopes to be well again in due time.

Bert Long was up to the city from Chapin yesterday.

THE MAN WHO KNEW AND WHAT CAME OF IT I know a man with an automobile who said he was a careful driver AND HE WAS! He said he would never injure anyone AND HE DIDN'T! He said "If anything happens it will be the other fellow's fault" AND IT WAS! That didn't prevent the other fellow demanding money AND HE DID! My man said "It's not my fault, I'll not pay you anything" AND HE DIDN'T! The other chap said "I'LL SUE YOU!" AND HE DID! My friend's lawyer said "We can beat him in court" AND THEY DID! At this my friend chuckled and said "Ha Ha! I win" AND THEN He paid his lawyer a fee of \$100 plus expenses and ran his car for the rest of the year at his own risk.

## GRAND WELCOME FOR PRAIRIE DIVISION

Great Reception Awaits Homecoming of Illinois' Famous Prairie Division—Major Gen. Wood to Direct All Military Features of Program.

Chicago, May 21.—A great reception is awaiting the homecoming of Illinois' famous Prairie division, expected here in a few days. According to latest information from the war department at Washington, the arrival will be in three sections of 7,000 to 8,000 men, a few days apart.

Chicago will see the 23,000 soldiers who are left in the hard fighting 33rd division as they march through the downtown district in three most imposing military spectacles. A dozen bands are to be stationed along the line of march to strike up as the regimental bands stop playing. Groups of high school cadets are to gather at street corners to lead the cheering.

Governor Lowden's welcome committee has obtained a promise from Maj. Gen. Wood to direct all military features of the program. "The handling of the parade and loop throngs," said Walter H. Wilson of the governor's committee, "will require exceptional military genius." For this reason

we have decided to leave it to Gen. Wood."

A luncheon is being arranged and L. E. Myers, named "mess officer" has ordered 8,000 dinners of downtown hotels.

According to Col. William Nelson Felouze, chairman of the Chicago soldiers and sailors welcoming committee, other Prairie division organizations probably will take part in the parade.

Springfield, Ill., May 21.—A bill of Representative Turner's proposes that sales of furniture by dealers on the installment plan where more than five per cent of the purchase price has been paid, must be foreclosed in a court of record in the same manner as chattel mortgages. The present law exempts installment plan contracts. The Turner measure is before the house judiciary committee.

## Why You Should Have a Lively Interest In Your Storage Battery—

Probably you don't think much about your storage battery unless it gives you trouble. Of course, if you have the right kind of battery—the EVEREADY—it won't give you any real trouble, but every storage battery does need a little bit of attention regularly to give it long life at full power.

A hydrometer test, an occasional filling with distilled water and an examination of the terminals and cables are all that is necessary.

If you don't want to know the technicalities of storage battery mechanics you can leave all the details of battery adjustment to us.

Simply by stopping in for a few minutes every month at our shop you can free yourself of any further consideration of the needs of your battery.

But the most important point is to start with the right battery—the EVEREADY—which is guaranteed against trouble for 18 months against ruinous sulphation.

## BILL PROPOSES BOUNTY ON RATS

Springfield, Ill.—Rats cost the state thousands of dollars annually besides being dangerous disease carriers, according to Senator W. S. Jewell of Lewistown, for the Rice bill proposing a bounty of five cents a head on rats, to be paid by county clerks.

"I am informed," said Senator Jewell in a debate on the bill, "that maintenance of each rat costs five dollars a year."

Senator Jewell said some physicians contend that rats spread influenza and the foot and mouth disease.

Senator Roos of Chicago attempted to strike out the enacting clause and Senator Denyr tried to reduce the bounty from five to two cents a head, but both failed.

"This bill has elements of humor in it," said Senator Many democrat, but I believe we fail to realize the seriousness of the menace of rats. I am for the bill."

Sensors Dunlap and Swift favored an "official rat catcher" for the state, but were not enthusiastic for the Rice measure.

The rat bill passed the house several weeks ago by a substantial majority after the house had had its fling of levity.

## VESSEL CARRIED LARGE CARGO

Galveston, Tex.—The distinction of carrying the largest cargo ever contained in the holds of a vessel is claimed by shipping men for the British steamship Indore, which left here for Liverpool with 28,386 square bales of cotton. This was accomplished by a method of scientifically compressing the bales until they occupied minimum space. The closest approach to the record was made by the Russian steamship Omsk which in December, 1917 carried 27,130 square bales from Galveston to Liverpool. A strict news censorship would not permit mention of that record.

## INDEMNITY FOR FRENCH SOLDIERS

Paris—Every French soldier or sailor who has been called to the colors has a right to an indemnity on being demobilized, or released from service. This indemnity has been fixed by a law at \$50 for every man who has served for at least three months between August 2, 1914, and the date of the signature of peace. In addition to this fixed sum, \$3 will be paid for each month's service.

## DEATHS

### Elden.

Warren Elden of Mercedia died at Our Savior's hospital at 7 o'clock Wednesday evening. He was brought to the hospital May 1st and submitted to an operation for appendicitis.

Deceased was the son of William Elden of Mercedia and was born in West Point, Fulton county, 29 years ago. He had resided in Mercedia for the past eighteen years.

He is survived by his father and two brothers and John and Robert Lee Elden, all residing in Mercedia. His mother preceded him in death eight years ago.

Mr. Elden entered army service in June, 1918 and served until a few months ago when he received his honorable discharge. He did not get to see active service, being stationed at one of the cantonments in this country during his term of service.

The remains were taken to Williamson and Cody undertaking parlors and prepared for burial. They will later be taken to Mercedia where services will be held in charge of the Rev. Mr. Sorenson of Bluffs. The time will be announced later.

## OLD FOLKS DAY AT MT. EMORY

The services Sunday morning at Mt. Emory will be arranged especially for the Old Folks. The pastor will deliver a special sermon for the occasion and administer the Holy Rite of Baptism and the Communion.

The subject for the sermon will be "O a drink of water from the old well at home." The ladies of the church have been asked to bring baskets and give the old people a free lunch.

There are quite a few old people in the city who for many reasons have not been to church for years, so we are desirous of having them out with us at least for one more service. They are old and should not be forgotten or neglected. So we are asking that the families or friends of such people make a special effort to get them out to this service. It might prove a help to them and a blessing to the church.

## Matrimonial

### Smith-Beckman.

The marriage of George E. Smith of this city and Miss Florence Beckman of Madison, Wis., was solemnized at 2:30 o'clock Wednesday afternoon by Rev. W. R. Leffle at Centenary church parsonage. The groom, who is now employed at the Illinois Tire and Vulcanizing Co. establishment, has recently been discharged from army service at Camp Taylor, Ky. Both he and his bride have many friends who will unite in hearty congratulations and good wishes for a happy wedded life. Their home will be established in this city.

## LONG TIME BARRY RESIDENT DIES

A telegram received yesterday by Eugene Pyatt announced the death of Daniel Smith, formerly of Barry, but who has recently been at the home of his daughter in Wisconsin. Mr. Smith was an intimate friend of the late John C. Pyatt and was a well known resident of Pike county. He was also well acquainted with George M. Blair, W. L. Fay and other residents of this city who for a number of years were members of a fishing club that had an annual outing on the Mississippi river. Mr. Smith was a man of fine character, held in high esteem by all who knew him.

## HEALTH CRUSADERS MAKE FINE RECORDS

Children of Jacksonville Schools  
Steadily Increase Health  
Chores as End of Tournament  
Approaches—Waverly Schools  
to Keep Up Work After Close  
of Term.

The Jacksonville Crusaders are steadily working at their health chores as the end of the tournament approaches. Records and hopes are correspondingly high. School spirit, as well as individual honors and pins, actuates the "kiddies" to greater and greater efforts to put the score "over the top."

The Waverly schools are closing Wednesday, May 21, but will keep up the health work for the rest of this week, so as to continue to the end of the 15 weeks, ending May 24. They will meet next week to report to Mr. Colbert, principal of the high school, and to Mr. Petty, principal of the Grade schools. The Chapin schools are coming in with good records, and both the Waverly and Chapin schools will win a county pennant, as their competitors closed before the end of the tournament.

One Jacksonville principal plans to interest her pupils in keeping up the health chores not only until the end of the school term, but during the summer. She has asked for more chore folders and expects to meet with her pupils every few weeks during the summer to get their records and keep up their "pep." Such interest and appreciation of the Health Crusade are both gratifying and commendable. She says, "It is too good to lose." The crusaders did some fine clean-up work last week and came in strong on the pageant. Each one of the grade schools represented the health chores and health ideas in spectacular, original and sometimes amusing manner. The Jefferson pupils and teachers are to be doubly congratulated. They took two pageant prizes, each prize a fine basket ball. One basket ball was awarded the Jefferson by the judges, Dr. Milligan, Mrs. Prince, Dr. Wollman, Mr. Frisch and Mr. Wyatt, for the best spectacular representation of the health ideas. The other basket ball was for the school that had the largest per centage of its Crusader Knights taking part in the parade. 92 per cent of the Jefferson knights marched, the next highest score being 86.95 per cent from the Morton school and the next, 86.38 per cent from the Lafayette. The basket balls will

be formally presented to the Jefferson school sometime this week.

The crusaders were especially active in eradicating fly-breeding places and in making fly traps. An incident that occurred last week will be of interest to them. Dr. Chapin, chairman of the executive committee for Health Promotion Week, was in a restaurant with Dr. Baker. When their luncheon was brought, several flies were in attendance. Dr. Baker said to the waiter, "Do you see those flies? I want to tell you something. I would rather see a dozen pigs walking around the floor here than those flies, because the pigs would keep their feet in their own food but those flies are putting their feet in my food."

The chore report for the 14th week of the Tournament follows. Every school in this report should be congratulated for they are all way above the score required for title winning:

Josephine Milligan, school Miss Hammond, principal, 10.516.  
Morton school, Miss Higher, principal, 10.146.  
Jefferson school, Miss Cobb, principal, 10.098.  
Lafayette school, Miss Paxton, principal, 9.660.  
Franklin school, Miss Lusk, principal, 9.367.  
Independence school, Miss Lavelle, principal, 9.636.  
Washington school, Mrs. Dunlap, principal, 9.251.

The children at the Washington school who performed 100 per cent chores, which means 72 or over, during the 14th week of the tournament are:

Grade 1, Mrs. Landers, teacher, Howard Roberts, Mariah Wilson, Henriette Mosely, Gretchen Bradle, Eleanor Chapin, Frances Craig, Margaret Patterson, Marilla Bussey, Scott Timberlake, Hattie Webster, Hermine Robinson, Dorothy Tendick, Helen Louise Clement, Charles Cornick, James Hickox, Margaret Hall, Mary Bolman, Esther May Dugan, Lloyd Lyle, Grade 2, Miss Tendick, teacher, Helen Benson, Jerry Lee Byers, LaVerne Underwood, Robert Johnson, Cordie Bell Tandy, Helen Seymour, Raymond Cruise, Lily May Alexander, Margaret Massey, Elizabeth Sargent, Lester Alexander, Mildred Boston, Frances Joy Carter, Paul Ehrigott, Grade 2 and 3, Miss Cox, teacher, Irene Tayman, Doris Cole, Jay Hamilton, Beaumont Potter, Ruby Rawlings, Lena Rawlings, Betty Lane, Esther Chipchase, Rowbridge Leavitt, Edith Kirk, Robert Mullen, Charles Henry Rammelkamp, Grade 3, Miss Hopper, teacher, Dana Stevens, Elizabeth Graff, Irene Wheeler, Margerite Wilson, Lucile Conkle, Lolagene Phillips, Frederick Seeger, Walter Barbre, Helen Tendick, Harold May, Maurice Craig, Louis McLaughlin, Geneva Rose, Frank Mallory, James Merrill, Alberta Kirk, Virginia Cropp, Lucius Johnson, Eleanor Hart, Grade 4, Miss Laurie, teacher, Malcolm Allen, Kenneth Johnson, Beulah Lyle, Ivan George Parker, Myrtle Parker, Anna Pate, Harry Perrin, Harold Rahjohm, Harold Schmalz, Rhoda Rammelkamp, Mildred Robinson, Alexander Rose, Leah Tayman, William Underwood, Helen Webster, James Webster, George Wolke, Henry Deppe, Grades 4 and 5, Miss Tyrrell, teacher, George Pate, Robert Lewis, Clifford Hayden, Leslie Hare, Grade 5, Mrs. Filson, teacher, Dean Sargent, Robert Mutch, Margaret Stubblefield, Jeannette Conboy, Maxwell Thompson, Ormand York, David Lander, Charles Roberts, Frances Cox, Manly Hettick, Florence Cockin, Etta Mae Brannum, Elmer Smith, Margaret Phillips, Troy Massey, Lucile Stranberg, Grades 5 and 6, Mrs. Riley, teacher, Russel Hall, George Jackson, Evelyn Mathews, Lender Stevens, Frances Massey, Florence Cranwell, Alice Thomas, Grade 6, Miss Wetzel, teacher, Eleanor Mae Ames, Eleanor Andre, Lorna Carpenter, Alice Copp, Kenneth Darskin, Henry John English, Margaret Fay Hopper, Irene Stubblefield, Helen Thompson, Charles Williamson, Lucy Pontius, Helen Dial, Claribel Upp. (signed.)

### HEARD FROM OLD MEMBER

The Mothers and Friends Association were entertained Tuesday at the home of Mrs. L. B. Sargent on Edmond street, with Mrs. Chas. Ratten assisting. After a short business session at which time a letter was read from an old member, Mrs. Susan Rees, a social hour was enjoyed.

Mrs. Otis Hoffman and Mrs. Oran Cook won prizes. Three new members were admitted to the Association, Mrs. Fred Woodward, Mrs. Lettze and Mrs. Wm. Farrington.

Refreshments of ice cream and cake were served by the hostesses. The next regular meeting will be held June 3rd with Mrs. Oran Cook.

The letter from Mrs. Rees in Los Angeles read as follows:

Dear Friends:  
I will let you know that I am enjoying the best of health and had a fine trip. I often think of the beautiful picture you mothers made as I passed you on the train. There are many beautiful things here to enjoy and I am sending you some samples. The gardens are indeed beautiful and I am enjoying the climate. The Thursday after I arrived was my eighty first birthday and they gave a little surprise for me. In the company were seventeen grandmothers. I am sending you the following lines of appreciation:

Mothers of the Association  
Working and toiling to help our nation  
Who could ask for a better share  
Than to help the loved ones over there.

Who could ask for a place more just  
Than work for those that fought  
for us

Let our fingers fly. We will wave our flag.  
We're in the race and we will never lag.

I am far away from that little band.  
Where my brow is by the south wind fanned.  
But my heart still clings to the mothers all.  
May we all be there when the roll is called.

I can see you yet as the train rolled by.  
Oh who could forget? Not I!  
Not I!  
It painted a picture deep in my heart.  
And I hope it never will depart.

I will look and long for a word from you. It sure would be a treat.  
My name is Susan W. Rees.

### FETE POSTPONED

The Illinois College May Fete committee has decided that it will be unsafe to give the Fete today. Even though it should be beautiful overhead the ground will still be wet and unsafe for both dancers and visitors. Not wishing to interfere with the Conservatory concert Friday night with the Woman's College play Saturday the fete will be postponed until next week. As the Memorial tablet is to be unveiled Monday, Tuesday has been chosen as the first open date. On that day, Tuesday, May 27, the fete will be given as planned on the college campus.

THOUSAND DOLLARS  
AWARDED TO HAMM

Jury Decides He is Entitled to Damages Because of Injuries From Hahn Auto—Court Orders—Docket is Set.

In the circuit court yesterday Judge Jones opened the sealed verdict brought in by the jury which heard the evidence in the case of Claude Hamm vs. W. H. Hahn. The jury fixed the damages of the plaintiff at \$1,000 and costs. Notice of appeal was filed on behalf of the defendant.

In the appeal case of Samuel Dunavan vs. N. J. Murray, administrator, the jury returned verdict in favor of the complainant for \$200. This case was originally heard in the county court.

The trespass case of Alice Hansen by her next best friend, Christian Hansen, vs. W. B. and Minnie Rexroat was dismissed on motion of the plaintiff.

In the appeal case of Beck & Corbett Iron Co. vs. William Berry, an order of dismissal was entered at the cost of the complainant.

In the suit for trespass on the case on promises brought by Fred W. Sibert, against Elba C. Perry, proceedings were dismissed at the defendant's cost by agreement of parties.

In the assumpsit suit of George J. Dowell vs. George Killings, proceedings were dismissed at the cost of the defendant.

The appeal case of Jerome Culp vs. E. E. Henry, is on trial before the court and a jury of six men. This case involves the sale of a quantity of corn. The hearing will probably be concluded at the session of the court this morning.

In the assumpsit suit of Belle Culp as administrator vs. city of Jacksonville, judgment for \$1,558.26 was entered against the defendant. This is a suit brought by the estate of the late Jerry Cox to recover on account of money due at the time of his death.

In the divorce proceedings of Maude L. Smith vs. Fred L. Smith, a decree was granted on the ground of drunkenness.

In the suit brought by George Morris against Matthew Sinclair Clark, et al., to quiet title, default was taken against all defendants not under legal disability and the cause was referred to the master.

In the partition proceedings of John Wardworth et al. vs. Rachel Fisher et al., default was entered against all defendants.

In the suit brought by Robert S. Hamilton vs. Margaret Oliver, to quiet title, the decree was entered removing all title defects.

In the divorce proceedings of Floddie Lambert vs. C. C. Lambert, the decree was entered in favor of the complainant, the charge of cruelty having been proven. Mr. Lambert was given the custody of the children.

In the proceedings brought by Thomas Miner vs. George Covey, to gain possession of certain real estate, it was shown that the property and the court in the coming week and that court will adjourn after this week until June 2. The state bar association meets in Decatur the coming week. Friday is Decoration day and altogether it seemed advisable to arrange for an adjournment of court at the end of this week's session until June 2 and Judge Jones ordered. The docket setting was as follows:

Monday—Jean A. Martz, vs. Dayton L. Gilpin, assumpsit; Jean A. Martz vs. Dayton L. Gilpin, covenant.

Tuesday—Thomas B. Orear vs. Jacksonville Railway & Light Co., trespass on the case; Elizabeth S. Spencer vs. Jacksonville Railway & Light Co., case; Powers-Begg & Co. vs. Walker D. Hines et al., C. B. & Q. R. R. case.

Wednesday—Clarence Preston vs. Jacksonville Railway Co., case; Hattie Wilburn vs. Ill. Auto Ins. exchange, appeal from J. P.; Bernard Gause vs. Cassandra Robertson, assumpsit.

Thursday—John Anderson vs. Fletcher Hopper and Harry Hoffmann, trespass on the case; Myrtle W. Tandy vs. Richard S. Wood, case; Carl E. Bourn vs. Noah Thomas Fox, trespass.

Friday—W. G. Goebel, vs. E. Arthur Robinson, debt; L. L. Creasy vs. John Frank, assumpsit.

CONFERRED DEGREES ON CLASS OF EIGHTEEN

Ridgely Encampment No. 9, I. O. O. F. Held Special Meeting Last Night for Confering of Golden Rule and Royal Purple Degrees.

In spite of bad roads and threatening weather, there was a good attendance at the special meeting of Ridgely encampment No. 9, I. O. O. F. held last night in their hall on West State street.

Supper was served at 7 o'clock in the banquet hall to about 100 patriars, The Golden Rule and Royal Purple degrees were conferred by Ridgely encampment's degree staff on a class of eighteen candidates as follows:

Mt. Vernon encampment, No. 7, Beardstown, George Haley, Reuben Noe, Will Wibleigh, J. A. Blumling, J. B. Selders, Ballard Tabors, Harry H. Korte, Charles Hunter.

Ridgely Encampment No. 9: Byron Stewart, Charles C. Whitman, J. D. Fitzpatrick, Woodson, Orville Foster, George M. Tanner, Hill and Thomas O. Beadles, Mur-raville, Ellis R. Mann.

Temple encampment No. 9: W. J. Oroyd, Samuel Green, J. W. Walton.

Twenty-five candidates had promised to be present but seven failed to appear, owing to unavoidable circumstances. The committee in charge consisted of Ellis E. Henderson, chairman; John T. Roberts and Charles S. Black, who were assisted by W. J. Oroyd, John McGlothlin, John Schofield, W. C. Howe and J. R. Rice.

While most of the work is of a serious nature and is beautiful in its solemnity, yet some parts put on last night were quite humorous. After a social hour the assembly dispersed, feeling that the evening had proven very pleasant and profitable.

FACTS IN PIONEER'S LIFE RECALLED

Death of Joshua Hubbs Removes Long Time Resident of the County — Funeral Services to be Held this Morning at Union Baptist Church near Pisgah.

Mention has already been made of the death of Joshua Hubbs, long time and prominent resident of the Prentice neighborhood. The funeral services will be held this morning at 11 o'clock at Union Baptist church near Pisgah, in charge of Rev. F. M. Crabtree. The following facts about the life of the deceased have been furnished for publication.

Joshua Hubbs, son of Willis and Elizabeth Hubbs was born in Orange County, Ind., Feb. 21, 1833. He was one of a family of fourteen children. His paternal ancestors came from England and entered the land on which Charleston, south Carolina, is now built. His maternal ancestors came from Scotland and entered the land on which Baltimore was afterward built.

Both families were harassed by the Indians and helped to fight the various wars for safety and afterward for freedom.

They converted the forests into homes and helped to build roads, bridges, school houses, churches and all other public improvements.

One morning while attending to chores a great aunt was attacked by the Indians and scalped and thrown in a brush pile. She crawled to the house and recovered and lived for many years.

During the war of 1812 one of his aunts, learning her son was sick in New Orleans started alone on horse-back from her home in Kentucky to bring him back.

When she had ridden 150 miles she met friends bringing him back and she returned to her home.

John Hubbs, grandfather of the deceased, settled near Knoxville, Tenn., and engaged in farming. He was a slave owner but several years before the war of the Rebellion he gave these negroes their freedom.

The deceased was united in marriage to Miss Rachel L. Acre, Dec. 12 1851, and a home was established in Iowa. A year later they removed to California and remained for four years. On their return they settled on a farm near Prentice, Morgan county, Ill., and the deceased engaged in farming. He retired from business life in 1893 and made his home in Springfield until the death of his wife in 1910, since which time he has resided with his daughter, Mrs. Everett Burnett, in Waverly. Here he has had most loving and devoted care thru his declining years.

Surviving are five daughters and three sons; Mrs. William Brown and Mrs. G. T. Wiswell, Jacksonville; Mrs. Everett Burnett, Waverly; Mrs. Charles Jasper, Auburn; Mrs. Charles Ward, Pisgah; Martin L. Hubbs, San Francisco, Cal. Newton Hubbs, Palmyra; George F. Hubbs, Springfield. There are also twenty-one grandchildren, twenty-seven great grandchildren and two great great grandchildren.

Mr. Hubbs was a generous and public spirited citizen, a kind husband and father, and a true friend to everyone. His death means a distinct loss to the home circle and to the community.

MISS HELEN WHEELER WEDS BASIL SORRELLS

Ceremony Was Said at Home of Bride Wednesday Evening at 8 o'clock.

A beautiful home wedding was solemnized Wednesday evening at the home of Mrs. Minnie Wheeler, 1156 West Lafayette avenue when her daughter, Miss Elizabeth Helen Wheeler, became the bride of Basil B. Sorrells.

The ceremony was said at 8 o'clock by Dr. F. B. Madden, pastor of Grace church, the beautiful ring service being used, and was witnessed by only relatives and intimate friends of the bride and groom.

The bride was attired in a suit of navy blue tulle and wore a corsage bouquet of Killarney roses, delphiniums and maiden hair ferns.

The bride is the daughter of Mrs. Minnie Wheeler and all her life has been spent in this city. She graduated from the Jacksonville high school in the class of 1913 and then was a student at Illinois Women's College. She is a member of Grace church and has taken an active interest in church affairs. A young woman of great personal charm she is highly esteemed by a large circle of friends.

The groom is a son of Mr. and Mrs. George Sorrells. He graduated from Jacksonville high school in the class of 1912. He then spent a year at Illinois college. While in school he was noted as an athlete, being a member of the football team for three years and was captain of the 1911 team which shared championship honors with Danville.

He is a member of the firm of Wheeler & Sorrells operating the Modern garage and is regarded as one of the leading young business men of the city. During the period of the war Mr. Sorrells enlisted and was sent to the Rahe Auto School at Kansas City where he soon attained the rank of sergeant because of his mechanical ability. He received his honorable discharge several months ago.

The Wheeler home was tastefully decorated, the color scheme in the parlor being pink and white, the living room yellow and white and the dining room pink and white.

Following the ceremony the couple received the hearty congratulations of the assembled company and dainty refreshments were served.

Mr. and Mrs. Sorrells left on the evening Wabash train for a brief wedding trip, but did not make their destination known to their friends. However two automobile loads of guests escorted them to the train and gave them a fitting farewell.

They begin wedded life under most auspicious circumstances and will have the best wishes of a wide circle of friends for a long and happy married life.

THE EAST DRIVE WAY AT NICHOLS PARK

At its last meeting the chairman of the park board was instructed to request the city engineer to show the extent to which the water of the new great reservoir or lake to encroach on the park grounds as a new east entrance will have to be arranged and some changes made in anticipation of the completion of the great enterprise.

According to instructions the chairman of the park board waited on the city engineer and L. V. Baldwin, engineer, went out with the chairman and carefully looked over the whole ground, noting the extent of the water encroachment on park property and all other matters connected with the new driveway that will have to be made.

After thoroughly inspecting the grounds a plan was made by Mr. Baldwin which appears to be very feasible, will destroy no desirable trees and place the driveway east of the custodian's house which the board had feared would be impracticable. It will be very welcome news to park board and the fear that the driveway would have to pass by the south side of the house of Mr. Baldwin would be very undesirable. The whole board will view the premises and decide regarding the suggestion of Mr. Baldwin.

SERGT. RALPH SIBLEY HERE FOR VISIT

Sergt. Ralph Sibley is here from Camp Shelby, Miss., for a visit at the home of his brother, Ernest Sibley, 1911 South Clay avenue. Later he will go to Lincoln, Neb., for a visit with relatives. Sergeant Sibley left with the Morgan county contingent for Camp Shelby, May 25, 1918, and during recent months he has been employed at the post-office there. This building was recently destroyed by fire. The young soldier has made a good record in the army service as evidenced by his promotion first to corporal and then to sergeant. He is being warmly greeted by his many friends in this city.

CITY HAD HONORED GUEST WEDNESDAY

Hon. T. C. MacMillan Spent Day Here After Attending Sessions of State Historical Society.

Hon. T. C. MacMillan, formerly trustee of Illinois college and well known to many in the city, was here yesterday, Mr. Ensley Moore. He had been at the state historical society meeting at Springfield and being so near near over to enjoy a day with his friend and to look over the place with which he was at one time more intimately associated. The gentleman has grown quite grey in recent years but is active and vigorous as ever. He is clerk of the U. S. district court and was for many years on the staff of the Inter Ocean.

Mr. MacMillan is of Scotch descent, a fact of which he is proudly proud. His father was a stern son of Scotland and was for some years captain of a vessel on Lake Michigan. With the heroic devotion of duty regardless of consequences, the elder MacMillan used to convey in the hold of his ship many a dusky seeker for freedom. The times were slavery then and a man took many chances in his hands when he aided a slave on his way north but Mr. MacMillan did what was right despite the consequences. He would quietly permit them to stow themselves away and when well on the trip would discover them, and pretend to be very angry and demand to know how they ever managed to get on board and of course the quivering Africans would never know and he would bid them strike out toward the north star just as soon as the wharf was reached and they did it with blessing on the head of the good man who had helped them along.

Mr. MacMillan was a strong personal friend of the late Pres. Taft and was for fifteen years a trustee of Illinois college and staunch friend of the institution. He found a few friends here yet tho many have passed away, or, as he said the Scotch put it, "have flitted."
